As the customer, I agree to abide by the terms and conditions detailed in Tas Gas Retail's Gas Supply Agreement, which is summarised in its Customer Charter (as provided). I also agree to abide by associated Tasmanian law. I consent to Tas Gas Retail providing information to Tas Gas Networks, who may contact me directly. The applicant(s) and guarantor(s) authorise Tas Gas Retail to disclose information contained herein to a credit reporting agency and to obtain consumer and commercial information permitted by the Privacy Act from a credit reporting agency and to use such information in order to assess this application for credit. Subject to provision of the Privacy Act, the applicant (and other parties named in this application) authorises Tas Gas Retail to seek and obtain information from other credit providers for approving this application or managing this account. These authorisations shall remain in force for the duration of the credit contract.

Tas Gas Retail to Complete

Security Deposit Required \$ _____ Based on an Estimated Consumption of _____ MJ Per Quarter.
Maximum not more than 1.5 x estimated quarterly account.

Approved _____ Name _____ Date _____ / _____ / _____

Retailer Confirmation Number _____

Standard Residential Tariff, Current at 01/01/12

Energy Rate

2.59 cents per MJ applies to all energy consumption for residential customers on standard tariff. This equates to 9.35 cents per kWh. Plus a fixed fee of 19.48 cents per day. Prices include GST.

Standard Terms and Conditions

The standard terms and conditions under which you can purchase natural gas on this tariff are contained in Tas Gas Retail's Gas Supply Agreement – Residential, or our Customer Charter.

Service Charges

A list of service charges has been provided in our Customer Charter.

Variation of Tariff and Service Charges

Tas Gas Retail may vary these tariffs and service charges. Notification of any change will be published in Tasmania's three major newspapers on three successive days. Notice will be given 30 days prior to changes taking effect.

Note: 1kWh of energy equates to 3.6MJ (megajoules). Most gas appliances have a MJ/hour rating which is their maximum gas consumption. This will allow you to determine your maximum running costs per hour.
